

## Doctor's Statement for Healthcare Expense

The Internal Revenue Service requires a doctor's statement be provided for certain healthcare expenses in order to be reimbursed from your healthcare Flexible Spending Account (FSA) or Health Reimbursement Arrangement (HRA). The doctor's statement must indicate the specific medical disorder, the specific treatment needed, and how this treatment will alleviate the medical condition.

The following form will assist you and your healthcare provider in providing the information we need in order to process your reimbursement request or Benny<sup>®</sup> transaction. Your provider can also write a letter on his or her letterhead, as long as the letter includes all the information on this form.

For fast and accurate processing of your reimbursement request or Benny<sup>®</sup>, please make sure to include this doctor's statement form or your provider's letter along with an itemized receipt or other documentation.

Please note: If your treatment extends beyond the time period listed below, you will need to submit a new doctor's statement.
